Why Work With Me?

Medicare Expert – I've spent the better part of a decade focused solely on Medicare. I've got it down to a science!

Independent Specialist – Insuring core competencies: honesty, integrity, continuity, & privacy always serve as my mission.

Articulate & Friendly – I can clarify this system for you & we will have fun doing it

- Education vs. Manipulation!

My goal is to educate the senior population on how the Medicare system works. I will give you the tools you need to decide what is best for YOU.

- There When You Need Me!

I will guide you through everything you need to know, make certain you never miss a window of opportunity, & enroll you in any plan of your choice. I will empower you to be independent but I'll always be here to help whenever you need me.

The ABCs of Medicare	
Understanding your healthcare IS as EASY as it is important, with the right information & advice.	
PART A 	<u>Hospital Coverage.</u> Care you receive as an inpatient in a hospital or a skilled nursing facility
PART B 	<u>Medical Coverage.</u> Doctor visits, clinical services, & outpatient care
Medicare Supplement Policy	<u>Also known as a Medigap Policy</u> Fills in the "gaps" in Original Medicare coverage
PART D 	<u>Prescription Drug Coverage</u> Each plan has a list of generic & brand-name drugs that it covers
PART C 	<u>Medicare Advantage.</u> Private carrier contracted by Medicare to take over coverage. Dental, vision, & Part D may be added
