Welcome to WageWorks. Here's How it Works.

Welcome to your Health Care Retirement Account (HRA) sponsored by FCA and brought to you by WageWorks. Your HRA is funded by contributions from FCA. Through this program, FCA puts tax free money into your HRA to help you pay for eligible health care expenses.

Ready to get started? This short guide will show you how.

Your HRA: The Essentials

Your HRA is governed by IRS regulations that detail who is eligible to use the account and where and how the money in it is to be used. It's important to comply with the IRS regulations. The following guidelines will help you avoid any inconvenience.

- ▶ **Make sure account funds are only spent on those who are eligible.** Typically, those eligible are you, your spouse and your eligible dependents. No new dependents can be added post-retirement.
- ▶ **Know what expenses are eligible.** Log into your account at www.wageworks.com for a complete list of eligible health care expenses. Generally, eligible health care expenses include services and products that are medically necessary to treat a specific condition.
- ▶ **Over-the-counter (OTC) drugs require a prescription.** To use your account for over-the-counter (OTC) drugs, you'll need to get a prescription from your doctor. You can pay for the item out-of-pocket and then use the online or paper Pay Me Back claim form or your smartphone or mobile device to submit your receipt along with the prescription to WageWorks for reimbursement.
- ▶ **Keep an eye on your HRA account.** Log into your account at www.wageworks.com to view your transactions and keep track of your balance.
- ▶ **Register for an online account at www.wageworks.com.** When you register online and provide a current email, you ensure that you will have 24/7 access to your account and will be automatically signed up to receive important updates and alerts. You also must have an account to use the mobile app and take advantage of features like Upload Receipts for online claims.
- ▶ **Keep Your Receipts.** Save receipts that describe exactly what you paid for. Make sure the amount and the **service date** – not the payment date – are included.
