Your Medicare Experts

- Comprehensive Medicare Knowledge. Experts in Medicare Advantage, Medigap, & Part D plans, as well as ancillary products like dental/vision/hearing, hospital indemnity, final expense, cancer & accident coverage.
- Medicare options, rights, & benefits best suited for any situation, across the nation, with any carrier.
- Specialized in complex cases, Dual Eligible clients, & those needing LIS / Extra help.
- Special Election Periods (SEP), how & when to use them properly.
- The correct answers to your questions, how to source any information needed, and the actionable timeline you will need to follow.

This team have it down. They made a complicated, confusing and frustrating process and decision making very easy. They walk you through every detail, make comparisons and even register you into the plans. As most people, we always had insurance via our employer and never had to worry about the plans. Then retirement and you are left on your own to figure it out and sometimes it is very costly. Not with this team, they have it together and explain everything clearly, shop for you and there isn't anything they won't do to help you out. Thank YOU...

Excellent service. Very satisfied with my decision on a plan thanks to your agent Patricia Lewis - Gerre S.

"Thank you Laura for making it so easy to turn 65." -Donna E.

I received excellent service from Patricia Lewis. She is a true professional who was concerned with helping in any way she could. - Roger Grider

"My representative Laura Comacho was an encyclopedia of information and guided me through the choices that best fit my retirement budget. I wasn't the easiest client as it took me a while to make a final decision, but she was always patient, helpful and quick to respond. Sorting through medicare supplement plans can be daunting. I'm glad I let a pro guide me."  
- Susan W.

Patricia Lewis was outstanding helping me with the ins and outs of signing up for Medicare and Supplemental Insurance. She is concise, clear, knowledgeable, polite and patient. What more could a customer want?  
- Marie Gallagher

I had an extremely unordinary situation that took a lot of time and detail to work through. Laura guided me in ways that made my experience much more pleasant than I was expecting when the word "Medicare" is involved. I highly recommend Laura to anyone needing to sign up for Medicare.  
- Arlene Smith

# What Our Clients Are Saying About Us...

"Had an excellent experience with Laura. She is very professional and patient. There was no feeling of being pressured to lean toward one plan or another and she took as much time as was needed to answer all my questions. She comes highly recommended by my standards!"  
- Donna L.

Patricia Lewis was able to answer my questions about the various policies. It was determined that it was better for me to continue with a Medigap policy thru my employer. I appreciated her time and honesty on what was the better way for me to go. I did tell her it was very nice to actually have a person that I felt was telling me the truth and not just trying to sell me a policy from a company she represented. Thank you Patricia. - Judith

Patricia Lewis was the best. She is the most well prepared to discuss all and anything concerning supplemental medical plans. Patricia is friendly and very professional. I enjoyed speaking with her.  
- Frederick W.

"Best experience in dealing with insurance  
Laura was helpful in every way. She took the time to answered all questions no matter how dumb they were. Very polite and knowledgeable in all aspects of information." - Beverly H.

"I was impressed with the detail of information I was provided in trying to make a decision which plan to go with and the amount of time Laura spent with me to help understand the options and plans available that would fit my financial situation. I have recommended Laura to several friends and relatives. Thank you!"  
- Nancy E.

"Absolutely wonderful!!! Laura Camacho was the best she made sure you understood everything" - Joyce H.

I was very suspicious of dealing online but decided to "get more info". An email returned to me quickly as well as a phone call that I missed, from Patricia Lewis. I emailed her a dismissal, but she was so considerate and emailed back an offer to help with any problems, and that she can also help with dental, vision and hearing. Well, I didn't even think of those, so I gave her a call and am so happy I did! She made everything that I understood a little make total sense. I felt she was doing this for me and my best interest. Patricia is a sweet beacon of light through this foggy travel of Medicare and all it entails! She is competent and caring, patient and practical, a professional yet your pal. She is awesome!

"Laura is one of the most knowledgeable agents we have had the pleasure of working with to apply and receive Mac's Medicare Supplement Policy! She is a very friendly person that make s us feel like she is one of our family members!" - Mac & Linda B.
