Part D ?

Part D = Prescription Drug Coverage

Medigap?

Medigap = Medicare Supplement Insurance

- If you sign up for a Medigap or an Advantage plan when you first become eligible the plan must accept you.

Medicare Gotchas

- Make sure to sign up at least 2 months before the month you turn 65. This is the government, and they need the full 2 months to get you set up.
- Medicare does not cover long term care!
- Delay in signing up for Parts B, D and/or an Advantage plan with Rx coverage will cause an increase in monthly premiums.
- Monthly premium cost penalties are forever!
- Changing Medigap plans beyond six months after you first sign up will probably require medical underwriting
- Some Medigap policies do not provide any coverage when you are out of the U.S.
- Depending on your individual auto policy, if you live in Michigan, your insurance premium may go up when you go on Medicare because your auto policy will become primary coverage for any auto accident-related medical expenses.

Only Time You don't want Medicare Part "B" Is :

1. You or Your spouse have health and drug insurance from another company that covers you when you attain the age of 65.

Must check with their H.R. department to determine if you have "creditable" coverage".

or

2. You are getting VA medical benefits.

or

3. You or your spouse are on Medicaid
